

PlaneSmart! Aviation – Fact Sheet

- Overview:** PlaneSmart! Aviation provides an innovative and hassle-free way for owners to enjoy the benefits of private air travel at a fraction of the cost. Clients get ownership of the world's best-selling single-engine plane – the Cirrus SR22 – and also have access to a fleet of identically-equipped, well maintained, professionally-managed Cirrus SR22s.
- Details:**
Cirrus Airplanes: PlaneSmart! Aviation provides professional management services for its owner/clients with access to a fleet of Cirrus SR22 airplanes, complete with charts, headsets, fuel cards and more.
Pricing: PlaneSmart! Aviation pricing includes aircraft insurance, storage, fuel, cleaning and all maintenance (scheduled and unscheduled), and is available in fractional-ownership shares.
Service: PlaneSmart! Aviation operates a fully-staffed, customer-oriented Operational Coordination Center to handle requests, scheduling, training, aircraft maintenance and more to meet the needs of its clients.
- Cirrus:** For the past five years, the Cirrus SR22 has been the top selling aircraft in its class in the world. No other aircraft can match Cirrus' high degree of safety, speed, comfort, design and ease of operation.
- Key Executives:** Michael A. Brosler, President
Adam C. Wagner, Business Partner
Daniel Hileman, Director of Operations
Hamp Reed, Director of Sales
Jim Owens, Director of Safety, Training, and Standardization
Lendy Kurth, Controller
- Memberships:** PlaneSmart! Aviation is affiliated with all major general aviation membership organizations, including the National Business Aircraft Association, the Aircraft Owners and Pilots Association, the General Aviation Aircraft Manufacturers Association, and the Cirrus Owners and Pilots Association.
- Locations:** PlaneSmart! Aviation currently serves the Austin and Dallas/Ft. Worth metropolitan areas. Future expansion markets include Houston, San Antonio, Phoenix, Las Vegas, Los Angeles, San Francisco, Seattle, Salt Lake City and Denver areas.
- History:** PlaneSmart! Aviation was founded in February 2003 in Austin, Texas. The Dallas sales office opened in September of 2005. Soon after, the company headquarters moved its operations to the Dallas office in January of 2006.
- Contact Info:** For more information, please call toll-free at (866) 264-2569.
